Summary Description

THE COMPANY

COPT Defense Properties (the "Company" or "COPT Defense"), an S&P MidCap 400 Company, is a self-managed real estate investment trust ("REIT") focused on owning, operating and developing properties in locations proximate to, or sometimes containing, key U.S. Government ("USG") defense installations and missions (which we refer to herein as our Defense/IT Portfolio). Our tenants include the USG and their defense contractors, who are primarily engaged in priority national security activities, and who generally require mission-critical and high security property enhancements. The ticker symbol under which our common shares are publicly traded on the New York Stock Exchange is "CDP". As of September 30, 2025, our Defense/IT Portfolio of 198 properties, including 24 owned through unconsolidated joint ventures, encompassed 22.6 million square feet and was 97.0% leased.

DISCLOSURE STATEMENT

This supplemental package contains forward-looking statements within the meaning of the Federal securities laws. Forward-looking statements can be identified by the use of words such as "may," "will," "should," "could," "believe," "anticipate," "expect," "estimate," "plan" or other comparable terminology. Forward-looking statements are inherently subject to risks and uncertainties, many of which we cannot predict with accuracy and some of which we might not even anticipate. Although we believe that the expectations, estimates and projections reflected in such forward-looking statements are based on reasonable assumptions at the time made, we can give no assurance that these expectations, estimates and projections will be achieved. Future events and actual results may differ materially from those discussed in the forward-looking statements and we undertake no obligation to update or supplement any forward-looking statements. The areas of risk that may affect these expectations, estimates and projections include, but are not limited to, those risks described in Item 1A of our Annual Report on Form 10-K for the year ended December 31, 2024.

Note: As of 9/30/25, the weighted average lease term was 5.0 years for the total, Defense/IT and consolidated portfolio.

- This expiration analysis reflects consolidated and unconsolidated properties and includes the effect of early renewals completed on existing leases but excludes the effect of new tenant leases on square feet yet to commence as of 9/30/25. With regard to properties owned through unconsolidated real estate JVs, the amounts reported above reflect 100% of the properties' square footage but only reflect the portion of Annualized Rental Revenue that was allocable to our ownership interest.
- The year of lease expiration is based on the lease term determined in accordance with GAAP. Refer to the section entitled "Definitions" for a definition of annualized rental revenue.

- (1) For properties owned through unconsolidated real estate JVs, includes our share of those properties' ARR of \$8.3 million (see page 33 for additional information).
- (2) Refer to the section entitled "Definitions" for a definition of annualized rental revenue.
- (3) Weighted average remaining lease term is based on the lease term determined in accordance with GAAP. The weighting of the lease term was computed based on occupied square feet (excluding leases not associated with square feet, such as ground leases).
- (4) Substantially all of our government leases are subject to early termination provisions which are customary in government leases. As of 9/30/25, \$6.4 million of our ARR was through the General Services Administration (GSA), representing 2.5% of our ARR from the United States Government and 0.9% of our total ARR.

Data Center Shells	365	3,300	
Total Defense/IT Portfolio land owned/controlled for future development	1,001	10,745	\$ 205,204
Other land owned/controlled	47	1,478	7,889
Land held, net	1,048	12,223	\$ 213,093

⁽¹⁾ This land inventory schedule includes properties under ground lease to us and excludes all properties listed as development as detailed on page 25. The costs associated with the land included on this summary are reported on our consolidated balance sheet in the line entitled "land held."

⁽²⁾ This land is controlled under a long-term master lease agreement to LW Redstone Company, LLC, a consolidated JV (see page 32). As this land is developed in the future, the JV will execute site-specific leases under the master lease agreement. Lease payments will commence under the site-specific leases as cash rents under tenant leases commence at the respective properties.

- (1) On 10/6/25, we entered into an amendment to the credit agreement underlying our Revolving Credit Facility (the "Revolver") and Unsecured Bank Term Loan (the "Term Loan"). This amendment: increased the aggregate lender commitment under our Revolver from \$600.0 million to \$800.0 million; extended the maturity date of our Revolver from October 2026 to October 2029, which may be extended by two six-month periods at our option; changed the initial interest rate on our Revolver to SOFR + 0.85% and on the Term Loan to SOFR + 1.05%; and eliminated the 0.10% SOFR transition charge. The Term Loan maintained its January 2026 maturity date, which may be extended by two 12-month periods at our option.

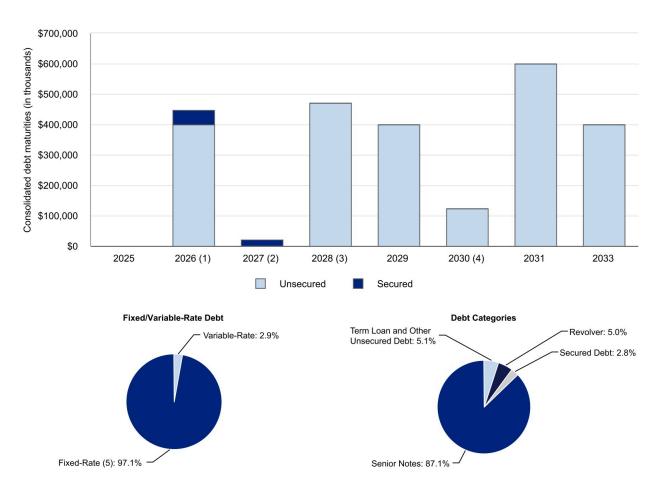

- Pre-payable anytime without penalty.

 These properties are owned through consolidated JVs.

 This loan maturity may be extended by a one-year period, provided certain conditions are met.
- These notes are due in 2028 unless earlier exchanged, redeemed or repurchased only in the event of certain circumstances and during certain periods defined under the terms of the notes. Upon exchange of the notes, the principal amount of notes exchanged is payable in cash, with the remainder of the exchange obligation, if any, payable in cash, common shares or a combination
- See page 33 for additional disclosure regarding our unconsolidated real estate JVs.

Summary of Outstanding Debt as of 9/30/25 (continued)

- (1) Includes \$400.0 million in 2.25% Senior Notes due 2026, the repayment of which we pre-funded with net proceeds from our issuance on 10/2/25 of \$400.0 million of 4.50% Senior Notes due 2030. Pending such repayment, we intend to use the net proceeds from this debt issuance for general corporate purposes, which may include investment in interest-bearing accounts.
- (2) Secured debt of \$22.0 million is included in 2027 assuming our exercise of a one-year extension option.
- (3) Term Loan balance of \$125.0 million is included in 2028 assuming our exercise of two 12-month extension options. Also included is \$345.0 million principal amount of exchangeable senior notes due in 2028 unless earlier exchanged, redeemed or repurchased only in the event of certain circumstances and during certain periods defined under the terms of the notes.
- (4) Revolving Credit Facility maturity of \$124.0 million is included in 2030 based on the maturity date under the credit facility amendment entered into on 10/6/25 and assuming our exercise of two six-month extension ontions.
- (5) Includes the effect of interest rate swaps with notional amounts totaling \$210.2 million that hedge the risk of changes in interest rates on variable-rate debt.

Definitions

Non-GAAP Measures

We believe that the measures defined below that are not determined in accordance with generally accepted accounting principles ("GAAP") are helpful to investors in measuring our performance and comparing it to that of other real estate investment trusts ("REITs"). Since these measures exclude certain items includable in their respective most comparable GAAP measures, reliance on the measures has limitations; management compensates for these limitations by using the measures simply as supplemental measures that are weighed in balance with other GAAP and non-GAAP measures. These measures should not be used as an alternative to the respective most comparable GAAP measures when evaluating our financial performance or to cash flow from operating, investing and financing activities when evaluating our liquidity or ability to make cash distributions or pay debt service.

Adjusted book

Defined as total assets presented on our consolidated balance sheet, net of lease liabilities associated with property right-of-use assets, and excluding the effect of cash and cash equivalents, accumulated depreciation on real estate properties, accumulated amortization of intangible assets on real estate acquisitions, accumulated amortization of deferred leasing costs and unconsolidated real estate joint ventures ("JVs") cash and loss attributable to noncontrolling interests through ownership of preferred units in cash equivalents, liabilities and accumulated depreciation and amortization (of intangibles on property acquisitions and deferred leasing costs) allocable to our ownership interest in the JVs. We use adjusted book for purposes of calculating our net noncontrolling interests in other consolidated entities, (4) Basic FFO allocable to sharedebt to adjusted book, which we believe is a useful supplemental measure for investors to use in further understanding the relationship of our outstanding debt to our assets available to service such debt. We believe that total assets is the most directly comparable GAAP measure to this non-GAAP measure.

Adjusted earnings before interest, income taxes, depreciation and amortization ("Adjusted EBITDA")

Adjusted EBITDA is net income or loss adjusted for the effects of interest expense, depreciation and amortization, gain on sales and impairment losses of real estate and investments in unconsolidated real estate JVs, gain or loss on early extinguishment of debt, loss on interest rate derivatives, net gain or loss on other investments, credit loss expense or recoveries, operating property acquisition costs, income taxes, business development expenses, demolition costs on redevelopment and nonrecurring improvements, executive transition costs and certain other expenses that we believe are not relevant to an investor's evaluation of our ability to repay debt. Adjusted EBITDA also includes adjustments to net income or loss for the effects of the items noted above pertaining to unconsolidated real estate JVs that were allocable to our ownership interest in the JVs. While EBITDA (earnings before interest, taxes, depreciation and amortization) is a universally-defined supplemental measure, Adiusted rental revenue is recognized evenly over the term of tenant leases (through straight-line EBITDA incorporates additional adjustments for gains and losses from investing and financing activities and certain other items that we believe represent costs that are not closely correlated to (or associated with) our operating performance and are not relevant to an investor's evaluation of our ability to repay debt. We believe that adjusted allocate the acquisition to certain intangible components, which are then amortized into EBITDA is a useful supplemental measure for assessing our un-

levered performance and ability to repay outstanding debt from operations. We believe that net income or loss is the most directly comparable GAAP measure to this non-GAAP measure.

Adjusted EBITDA debt service coverage ratio

This measure divides Adjusted EBITDA by the sum of interest expense (excluding amortization of deferred financing costs and amortization of debt discounts and premiums, net of amounts capitalized, and gains or losses on interest rate derivatives) and scheduled principal amortization on mortgage loans.

Amortization of acquisition intangibles included in NOI

Represents the amortization of intangible asset and liability categories that is included in net operating income, including amortization of above- or below-market leases and above- or below-market cost arrangements.

Basic FFO available to common share and common unit holders ("Basic FFO")

This measure is FFO adjusted to subtract (1) preferred share dividends, (2) income or COPT Defense Properties, L.P. (the "Operating Partnership") or interests in other consolidated entities not owned by us, (3) depreciation and amortization allocable to based compensation awards and (5) issuance costs associated with redeemed preferred shares. With these adjustments, Basic FFO represents FFO available to common shareholders and holders of common units in the Operating Partnership ("common units"). Common units are substantially similar to our common shares of beneficial interest ("common shares") and are exchangeable into common shares, subject to certain conditions. We believe that Basic FFO is useful to investors due to the close correlation of common units to common shares. We believe that net income or loss is the most directly comparable GAAP measure to this non-GAAP measure.

Cash net operating income ("Cash NOI")

Defined as NOI from real estate operations adjusted to eliminate the effects of: straightline rental adjustments, amortization of tenant incentives, amortization of intangibles and other assets included in FFO and NOI. lease termination fees from tenants to terminate their lease obligations prior to the end of the agreed upon lease terms and rental revenue recognized under GAAP resulting from landlord assets and lease incentives funded by tenants. Cash NOI also includes adjustments to NOI from real estate operations for the effects of the items noted above pertaining to unconsolidated real estate JVs that were allocable to our ownership interest in the JVs. Under GAAP rental adjustments and amortization of tenant incentives), which, given the long term nature of our leases, does not align with the economics of when tenant payments are due to us under the arrangements. Also under GAAP, when a property is acquired, we NOI over their estimated lives, even

Definitions

though the resulting revenue adjustments are not reflective of our lease economics. In addition, revenue from lease termination fees and tenant-funded landlord improvements, absent an adjustment from us, would result in large one-time lump sum amounts in Cash NOI that we do not believe are reflective of a property's long-term value. We believe that Cash NOI is a useful supplemental measure of operating performance for a REIT's operating real estate because it makes adjustments to NOI for the above stated items to be more reflective of the economics of when tenant payments are due to us under our leases and the value of our properties. As is the case with NOI, the measure is useful in our opinion in evaluating and comparing the performance of reportable segments, Same Property groupings and individual properties. We believe that net income or loss is the most directly comparable GAAP measure to this non-GAAP measure.

COPT Defense's share of NOI from unconsolidated real estate JVs

Represents the net of revenues and property operating expenses of real estate operations owned through unconsolidated JVs that are allocable to COPT Defense's ownership interest. This measure is included in the computation of NOI, our segment performance measure, as discussed below.

Diluted adjusted funds from operations available to common share and commor unit holders ("Diluted AFFO")

elimination of the effect of (a) noncash rental revenues and property operating expenses (comprised of straight-line rental adjustments, which includes the amortization of recurring tenant incentives, and amortization of acquisition intangibles included in FFO and NOI, both of which are described under "Cash NOI" above), (b) share-based compensation, net of amounts capitalized, (c) amortization of deferred financing costs, (d) amortization of debt discounts and premiums and (e) amortization of settlements of debt hedges; and (2) replacement capital expenditures (defined below). Diluted AFFO also includes adjustments to Diluted FFO, as adjusted for comparability for the effects of the items noted above pertaining to unconsolidated real estate JVs that were allocable to our ownership interest in the JVs. We believe that Diluted AFFO is a useful supplemental measure of operating performance for a REIT because it incorporates adjustments for: certain revenue and expenses that are not associated with cash to or from us during the period; and certain capital expenditures for operating properties incurred during the period that do require cash outlays. We believe that net income or loss is the most directly comparable GAAP measure to this non-GAAP measure.

Diluted FFO available to common share and common unit holders ("Diluted FFO"

Diluted FFO is Basic FFO adjusted to add back any changes in Basic FFO that would result from the assumed conversion of securities that are convertible or exchangeable into common shares. The computation of Diluted FFO assumes the conversion of common units but does not assume the conversion of other securities that are convertible into common shares if the conversion of those securities would increase Diluted FFO per share in a given period. We believe that Diluted FFO (which includes discontinued operations, if any) is useful to investors because it is the numerator used to compute Diluted FFO per

share, discussed below. We believe that net income or loss is the most directly comparable GAAP measure to this non-GAAP measure.

Diluted FFO available to common share and common unit holders, as adjusted for comparability ("Diluted FFO, as adjusted for comparability")

Defined as Diluted FFO or FFO adjusted to exclude: operating property acquisition costs (for acquisitions classified as business combinations); gain or loss on early extinguishment of debt; FFO associated with properties that secured non-recourse debt on which we defaulted and, subsequently, extinguished via conveyance of such properties (including property NOI, interest expense and gains on debt extinguishment); loss on interest rate derivatives; and executive transition costs associated with named executive officers. Diluted FFO, as adjusted for comparability also includes adjustments to Diluted FFO for the effects of the items noted above pertaining to unconsolidated real estate JVs that were allocable to our ownership interest in the JVs. We believe this to be a useful supplemental measure alongside Diluted FFO as it excludes gains and losses from certain investing and financing activities and certain other items that we believe are not closely correlated to (or associated with) our operating performance. We believe that net income or loss is the most directly comparable GAAP measure to this non-GAAP measure.

Diluted FFO per share

Defined as Diluted FFO, as adjusted for comparability, adjusted for the following: (1) the Diluted FFO per share is (1) Diluted FFO divided by (2) the sum of the (a) weighted average common shares outstanding during a period, (b) weighted average common units outstanding during a period and (c) weighted average number of potential additional common shares that would have been outstanding during a period if other securities that are convertible or exchangeable into common shares were converted or exchanged. The computation of Diluted FFO per share assumes the conversion of common units but does not assume the conversion of other securities that are convertible into common shares if the conversion of those securities would increase Diluted FFO per share in a given period. We believe that Diluted FFO per share is useful to investors because it provides investors with a further context for evaluating our FFO results in the same manner that investors use earnings per share ("EPS") in evaluating net income or loss available to common shareholders. We believe that diluted EPS is the most directly comparable GAAP measure to this non-GAAP

Diluted FFO per share, as adjusted for comparability

Defined as (1) Diluted FFO available to common share and common unit holders, as adjusted for comparability divided by (2) the sum of the (a) weighted average common shares outstanding during a period, (b) weighted average common units outstanding during a period and (c) weighted average number of potential additional common shares that would have been outstanding during a period if other securities that are convertible or exchangeable into common shares were converted or exchanged. The computation of this measure assumes the conversion of common units but does not assume the conversion of other securities that are convertible into common shares if the conversion of those securities would increase the per share measure in a given period. We believe this to be a useful supplemental measure alongside Diluted FFO per share as it excludes gains and

Definitions

losses from investing and financing activities and certain other items that we believe are not closely correlated to (or associated with) our operating performance. We believe that diluted EPS is the most directly comparable GAAP measure to this non-GAAP measure

Earnings before interest, income taxes, depreciation and amortization for real estate ("EBITDAre")

Defined as net income or loss adjusted for the effects of interest expense, depreciation and amortization, gains on sales and impairment losses of real estate and investments in unconsolidated real estate JVs, and income taxes. EBITDAre also includes adjustments to net income or loss for the effects of the items noted above pertaining to unconsolidated real estate JVs that were allocable to our ownership interest in the JVs. While EBITDA (earnings before interest, taxes, depreciation and amortization) is a universally-defined supplemental measure, EBITDAre incorporates additional adjustments for gains and losses from investing activities related to our investments in operating properties. We believe that EBITDAre is a useful supplemental measure for assessing our un-levered performance. We believe that net income or loss is the most directly comparable GAAP measure to this non-GAAP measure.

Funds from operations ("FFO" or "FFO per Nareit")

Defined as net income or loss computed using GAAP, excluding gains on sales and impairment losses of real estate and investments in unconsolidated real estate JVs (net of associated income tax) and real estate-related depreciation and amortization. FFO also includes adjustments to net income or loss for the effects of the items noted above pertaining to unconsolidated real estate JVs that were allocable to our ownership interest in the JVs. We believe that we use the National Association of Real Estate Investment Trust's ("Nareit") definition of FFO, although others may interpret the definition differently and, accordingly, our presentation of FFO may differ from those of other REITs. We believe that FFO is useful to management and investors as a supplemental measure of operating performance because, by excluding gains on sales interest in the JVs. We use net debt for purposes of calculating our net debt to adjusted and impairment losses of real estate (net of associated income tax) and real estaterelated depreciation and amortization, FFO can help one compare our operating performance between periods. We believe that net income or loss is the most directly comparable GAAP measure to this non-GAAP measure.

Gross debt

Defined as debt reported on our consolidated balance sheet adjusted to exclude net discounts and premiums and deferred financing costs, as further adjusted to include outstanding debt of unconsolidated real estate JVs that were allocable to our ownership supplemental measure is useful in providing investors the impact to our debt of these interest in the JVs. We believe that this measure is useful to investors as it represents our total outstanding debt, including our share of unconsolidated joint venture debt. We believe that debt reported on our consolidated balance sheet is the most directly comparable GAAP measure to this non-GAAP measure.

In-place adjusted EBITDA

Defined as Adjusted EBITDA, as further adjusted for: (1) certain events occurring in a three month period to reflect Adjusted EBITDA as if the events occurred at the beginning of such period, including: (a) properties acquired, placed in service or expanded upon subsequent to the commencement of a period made in order to reflect a full period of ownership/operations; (b) properties removed from service or in which we disposed of interests; (c) significant mid-period occupancy changes associated with properties recently placed in service or acquired as if such occupancy changes occurred at the beginning of such period; and (2) adjustments to deferred rental revenue associated with changes in our assessment of collectability. The measure also includes adjustments for the effects of the items noted above pertaining to unconsolidated real estate JVs that were allocable to our ownership interest in the JVs. We believe that the pro forma adjustments described above are consistent with the requirements for preparation of amounts presented on a pro forma basis in accordance with Article 11 of Regulation S-X. We believe that in-place adjusted EBITDA is a useful supplemental measure of performance for assessing our un-levered performance and ability to repay outstanding debt from operations, as further adjusted for changes in operating properties subsequent to the commencement of a quarter and for the other items noted above that we believe are not closely correlated with our operating performance and are not relevant to an investor's evaluation of our ability to repay debt. We believe that net income or loss is the most directly comparable GAAP measure to this non-GAAP measure.

Net debt

Defined as Gross debt (total outstanding debt reported per our balance sheet as adjusted to exclude net discounts and premiums and deferred financing costs), as adjusted to subtract cash and cash equivalents as of the end of the period. The measure also includes adjustments to Gross debt for the effects of the items noted above pertaining to unconsolidated real estate JVs that were allocable to our ownership book, which we believe is a useful supplemental measure for investors to use in further understanding the relationship of our outstanding debt to our assets available to service such debt. We believe that debt reported on our consolidated balance sheet is the most directly comparable GAAP measure to this non-GAAP measure.

Net debt adjusted for fully-leased investment properties

Defined as Net debt less costs incurred on properties under development and on operating property acquisitions that were 100% leased. We believe that this fully leased properties that are not yet contributing to our adjusted EBITDA. We believe that debt reported on our consolidated balance sheet is the most directly comparable GAAP measure to this non-GAAP measure.

Net debt to Adjusted book

Defined as Net debt divided by Adjusted book (defined above).

Definitions

et debt to in-place adjusted EBITDA ratio and Net debt adjusted for fully-leased investment properties to in-place adjusted EBITDA ratio

Defined as Net debt or Net debt adjusted for fully-leased investment properties divided by in-place adjusted EBITDA (defined above) for the three month period that is annualized by multiplying by four.

Net operating income from real estate operations ("NOI")

NOI, which is our segment performance measure, includes: consolidated real estate revenues; consolidated property operating expenses; and the net of revenues and property operating expenses of real estate operations owned through unconsolidated real estate JVs that are allocable to COPT Defense's ownership interest in the JVs. We original useful life. Replacement capital expenditures excludes expenditures of believe that NOI is an important supplemental measure of operating performance for a REIT's operating real estate because it provides a measure of the core real estate operations that is unaffected by depreciation, amortization, financing and general, administrative and leasing expenses; we believe this measure is particularly useful in evaluating the performance of reportable segments, Same Property groupings and individual properties. We believe that net income or loss is the most directly comparable GAAP measure to this non-GAAP measure.

NOI fixed charge coverage ratio and Adjusted EBITDA fixed charge coverage

These measures divide either NOI from real estate operations or Adjusted EBITDA by the sum of (1) interest expense (excluding amortization of deferred financing costs and amortization of debt discounts and premiums, net of amounts capitalized, and gains or losses on interest rate derivatives), (2) scheduled principal amortization on mortgage loans, (3) capitalized interest, (4) dividends on preferred shares and (5) distributions on operating performance for the same reasons discussed above for NOI from real estate preferred units in the Operating Partnership not owned by us.

NOI interest coverage ratio and Adjusted EBITDA interest coverage ratio

These measures divide either NOI from real estate operations or Adjusted EBITDA by interest expense (excluding amortization of deferred financing costs and amortization of debt discounts and premiums, net of amounts capitalized, gains on losses on interest rate derivatives and interest expense on debt in default to be extinguished via conveyance of properties).

ayout ratios based on: Diluted FFO; Diluted FFO, as adjusted for comparability; and Diluted AFFO

These payout ratios are defined as (1) the sum of dividends on common and deferred shares and distributions to holders of interests in the Operating Partnership to the extent they are dilutive in the respective FFO per share numerators divided by (2) the respective non-GAAP measures.

Replacement capital expenditures are defined as tenant improvements and incentives, building improvements and leasing costs incurred during the period for operating properties that are not (1) items contemplated prior to the acquisition of a property, (2) improvements associated with the expansion of a building or its improvements, (3) renovations to a building which change the underlying classification of the building (for example, from industrial to office or Class C office to Class B office), (4) capital improvements that represent the addition of something new to the property rather than the replacement of something (for example, the addition of a new heating and air conditioning unit that is not replacing one that was previously there) or (5) replacements of significant components of a building after the building has reached the end of its operating properties included in disposition plans during the period that were already sold or are held for future disposition. For cash tenant incentives not due to the tenant for a period exceeding three months past the date on which such incentives were incurred, we recognize such incentives as replacement capital expenditures in the periods such incentives are due to the tenant. Replacement capital expenditures, which is included in the computation of Diluted AFFO, is intended to represent nontransformative capital expenditures of existing properties held for long-term investment. We believe that the excluded expenditures are more closely associated with our investing activities than the performance of our operating portfolio.

Same Property NOI from real estate operations and Same Property cash NOI from real estate operations

Defined as NOI, or Cash NOI, from real estate operations of Same Property groupings. We believe that these are important supplemental measures of Same Property operations and Cash NOI from real estate operations.

Definitions

Other Definitions

Acquisition Costs — Transaction costs expensed in connection with executed or anticipated acquisitions of operating properties.

Annualized Rental Revenue ("ARR") — The monthly contractual base rent as of the reporting date (ignoring free rent then in effect and rent associated with tenant funded landlord assets) multiplied by 12, plus the estimated annualized expense reimbursements under existing leases for occupied space. With regard to properties owned through unconsolidated real estate JVs, we include the portion of ARR allocable to COPT Defense's ownership interest. We consider ARR to be a useful measure for analyzing revenue sources because, since it is point-in-time based, it does not contain increases and decreases in revenue associated with periods in which lease terms were deferred shares and distributions to holders of interests in the Operating Partnership not in effect; historical revenue under GAAP does contain such fluctuations. We find the divided by (2) net income. We do not present this ratio for periods with a net loss. measure particularly useful for leasing, tenant, segment and industry analysis. In instances in which we report ARR per occupied square foot, the measure excludes revenue from leases not associated with our buildings.

Average Escalations — Leasing statistic used to report average increase in rental rates over lease terms for leases with a term of greater than one-year.

Cash Rent — Includes monthly contractual base rent (ignoring rent abatements and rent associated with tenant funded landlord assets) multiplied by 12, plus estimated annualized expense reimbursements (average for first 12 months of term for new or renewed leases or as of lease expiration for expiring leases). We believe that cash rent Second Generation Space — Space leased that has been previously occupied. is a useful measure for evaluating the rental rates at the time rent payments commence Straight-line Rent — Includes annual minimum base rents, net of abatements and for our leasing activity, including changes in such rates relative to rates that may have been previously in place.

Committed Cost per Square Foot — Includes tenant improvement allowance (excluding tenant funded landlord assets), leasing commissions and estimated turn key costs and excludes lease incentives. We believe this is a useful measure for evaluating for evaluating the rental rates over the related lease terms for our leasing activity, our costs associated with obtaining new leases.

Compound Annual Growth Rate — For renewed space, represents the compound annual growth rate between the first year cash rent of the expired lease and the first year cash rent of the renewal lease.

Debt to Net Income Ratio — Represents debt reported on our consolidated balance sheet divided by net income for the three month period that is annualized by multiplying preferred shares and preferred units in our operating partnership. by four. We do not present this ratio for periods with a net loss.

Defense/IT Portfolio — Represents properties in locations proximate to, or sometimes real estate JVs. containing, key U.S. Government ("USG") defense installations and missions.

Development Properties — Properties under, or contractually committed for, development.

Equity Market Capitalization — Defined as the sum of: (1) the product of the closing price of our common shares on the NYSE and the sum of (a) common shares outstanding and (b) common units outstanding; and (2) the liquidation value of preferred shares and preferred units in our operating partnership.

First Generation Space — Newly-developed or redeveloped space that has never been occupied.

Investment Space Leased — Includes vacant space leased within two years of the shell completion date for development properties or acquisition date for operating property acquisitions.

Net Income to Interest Expense Ratio — Represents net income reported on our consolidated statements of operations divided by interest expense. We do not present this ratio for periods with a net loss.

Net Income Payout Ratio — Defined as (1) the sum of dividends on common and

Operational Space — The portion of a property in operations (excludes portion under development or redevelopment).

Redevelopment Properties — Properties previously in operations on which activities to substantially renovate such properties were underway or approved.

Same Property — Operating properties stably owned and 100% operational since at least 1/1/24.

lease incentives and excluding rent associated with tenant funded landlord assets, on a straight-line basis over the term of the lease, and estimated annual expense reimbursements (as of lease commencement for new or renewed leases or as of lease expiration for expiring leases). We believe that straight-line rent is a useful measures including changes in such rates relative to rates that may have been previously in

Total Market Capitalization — Defined as the sum of: (1) consolidated outstanding debt, excluding discounts, premiums and deferred financing costs; (2) the product of the closing price of our common shares on the NYSE and the sum of (a) common shares outstanding and (b) common units outstanding; and (3) the liquidation value of

Total Portfolio — Operating properties, including ones owned through unconsolidated

Vacancy Leasing Activity Ratio — Square footage associated with prospective tenants for vacant square feet in service divided by total vacant square feet in service.

Vacant Space Leased — Includes leasing of vacated second-generation space and vacant space leased in development properties and operating property acquisitions after two years from such properties' shell completion or acquisition date.

COLUMBIA, MD (BUSINESS WIRE) October 30, 2025 - COPT Defense Properties ("COPT Defense" or the "Company") (NYSE: CDP) announced results for the third quarter ended September 30, 2025.

i

Management Comments

Stephen E. Budorick, COPT Defense's President & Chief Executive Officer, commented, "Our Defense/IT investment strategy, which concentrates our portfolio near priority U.S. defense installations, continued to generate excellent results during the third quarter. FFO per share exceeded the midpoint of our guidance range by \$0.02. Based on this outperformance, and our forecast for the remainder of the year, we increased the midpoint of 2025 FFO per share guidance by \$0.03 to \$2.70, which implies 5.1% year-over-year growth, and is \$0.04 above our initial guidance.

We are exceeding our plan in several areas and raised 2025 guidance on multiple key metrics. We increased the midpoint of 2025 guidance for same property cash NOI growth by 75 basis points to 4.0%, cash rent spread on renewals by 200 basis points to 2%, and year-end same property occupancy by 20 basis points to 94.2%. In addition, with 432,000 square feet signed in the first nine months of the year, and a strong pipeline of deals in advanced negotiations, we raised our target for vacancy leasing by 11% from 450,000 square feet to 500,000 square feet. Our revised target is 25% higher than our initial target of 400,000 square feet, and reflects the depth of tenant demand to support priority missions. Additionally, in October, we successfully closed on three financings which pre-fund our 2026 bond maturity and provide \$400 million of additional liquidity to fund our external growth.

We committed \$72 million of capital to two new investments in September and October, both of which expand our strategic relationships with existing Defense/IT tenants. In September, we commenced construction on a 101,000 square foot build-to-suit development for Yulista, our 14th largest tenant, at our Redstone Gateway park in Huntsville, and in October, we acquired a 142,000 square foot office building in Chantilly, Virginia, which is 100% leased to a top 20 U.S. Defense Contractor. This acquisition exceeds our development yield threshold, is accretive to FFO per share, and reinforces our position as the dominant owner in the highly-leased and supply-constrained Westfields submarket, as we own roughly one-third of the 4 million square feet of office inventory.

We have produced excellent results for the first nine months of the year, we expect a strong fourth quarter and we continue to anticipate compound annual FFO per share growth of over 4% between 2023 to 2026."

Financial Highlights

3rd Quarter Financial Results:

- Diluted earnings per share ("EPS") was \$0.37 for the quarter ended September 30, 2025, compared to \$0.32 for the quarter ended September 30, 2024.
- Diluted funds from operations per share ("FFOPS"), as calculated in accordance with Nareit's definition and as adjusted for comparability, was \$0.69 for the quarter ended September 30, 2025, compared to \$0.65 for the quarter ended September 30, 2024.

Operating Performance Highlights

Operating Portfolio Summary:

At September 30, 2025, the Company's 24.6 million square foot total portfolio was 93.9% occupied and 95.7% leased, which includes the 22.6 million square foot Defense/IT Portfolio that was 95.4% occupied and 97.0% leased.

Same Property Performance:

At September 30, 2025, the Company's 23.9 million square foot Same Property portfolio was 94.3% occupied and 95.8% leased.

The Company's Same Property cash NOI increased 4.6% in the quarter ended September 30, 2025, compared to the same period in 2024.

Leasing:

- <u>Total Square Feet Leased</u>: For the quarter ended September 30, 2025, the Company leased 971,000 square feet, including 792,000 square feet of renewals, 78,000 square feet of vacancy leasing, and 101,000 square feet of investment leasing. For the nine months ended September 30, 2025, the Company executed 2.3 million square feet of total leasing, including 1.7 million square feet of renewals, 432,000 square feet of vacancy leasing, and 203,000 square feet of investment leasing.
- <u>Tenant Retention Rates</u>: During the quarter ended September 30, 2025, the Company renewed 81.8% of expiring square feet in its total portfolio. During the nine months ended September 30, 2025, the Company renewed 81.9% of expiring square feet in its total portfolio.
- Rent Spreads and Average Escalations on Renewing Leases: For the quarter and nine months ended September 30, 2025, straight-line rents on renewals increased 13.4% and 11.0%, respectively, and cash rents on renewed space increased 7.5% and 2.4%, respectively, while annual escalations on renewing leases averaged 1.4% and 1.9%, respectively.
- <u>Lease Terms</u>: In the quarter ended September 30, 2025, lease terms averaged 5.4 years on renewing leases, 8.6 years on vacancy leasing, and 12.6 years on investment leasing. For the nine months ended September 30, 2025, lease terms averaged 5.1 years on renewing leases, 7.8 years on vacancy leasing, and 11.2 years on investment leasing.

Investment Activity Highlights

- <u>Development Pipeline</u>: The Company's development pipeline consists of five properties totaling 812,000 square feet that were 68% leased as of October 30, 2025. These projects represent a total estimated investment of \$311 million, of which \$154 million was spent as of September 30, 2025.
- Acquisition: On October 30, 2025, the Company acquired Stonegate I at 15050 Conference Center Drive in Chantilly, Virginia, a 142,000 square foot Class A office building for a gross purchase price of \$40.2 million. The building is fully leased to a top 20 U.S. Government defense contractor.
 - Please see the Company's acquisition press release dated October 30, 2025 and pages 13-17 of the Company's 3Q25 Results Presentation (refer
 to the 'Associated Supplemental Presentation' section below).

Balance Sheet and Capital Transaction Highlights

- On October 2, 2025, the Company issued \$400 million of 4.50% Senior Notes due 2030. The Company intends to use the net proceeds to repay the 2.25% Senior Notes at maturity in March 2026. Until March, the proceeds will be used for general corporate purposes, including paying down amounts under its Revolving Credit Facility and investment in interest-bearing accounts.
- On October 6, 2025, the Company entered into an amendment to the credit agreement underlying its Revolving Credit Facility (the "Revolver") and Unsecured Bank Term Loan (the "Term Loan"). This amendment: increased the aggregate lender commitment under the Revolver from \$600 million to \$800 million; extended the maturity date of the Revolver from October 2026 to October 2029, which may be extended by two six-month periods at the Company's option; reduced the initial interest rate on the Revolver to SOFR + 0.85% and on the Term Loan to SOFR + 1.05%; and eliminated the 0.10% SOFR transition charge.

- 443.285.5400 | copt.com | NYSE: CDP
- On October 16, 2025, the Company entered into a secured revolving credit agreement with a lender for an aggregate of \$200 million of available borrowings, which the Company intends to use to fund property development activities.
- For the quarter ended September 30, 2025, the Company's adjusted EBITDA fixed charge coverage ratio was 4.8x.
- At September 30, 2025, the Company's net debt to in-place adjusted EBITDA ratio was 6.1x and its net debt adjusted for fully-leased investment
 properties to in-place adjusted EBITDA ratio was 5.8x.
- At September 30, 2025, and including the effect of interest rate swaps, the Company's weighted average effective interest rate on its consolidated debt
 portfolio was 3.4% with a weighted average maturity of 4.1 years (assuming exercise of available extension options and including effect of subsequent
 amendment to the Company's Revolving Credit Facility), and 97% of the Company's debt was subject to fixed interest rates.

Associated Supplemental Presentation

Prior to the call, the Company will post a slide presentation to accompany management's prepared remarks for its third quarter 2025 conference call; the presentation can be viewed and downloaded from the 'Financial Info – Financial Results' section of COPT Defense's Investors website: https://investors.copt.com/financial-information/financial-results

2025 Guidance

Management is revising and increasing the midpoint of its full-year guidance for diluted EPS and diluted FFOPS, per Nareit and as adjusted for comparability of \$1.30-\$1.34 and \$2.65-\$2.69, respectively, to new ranges of \$1.35-\$1.37 and \$2.69-\$2.71, respectively. Management is establishing fourth quarter guidance for diluted EPS and diluted FFOPS per Nareit and as adjusted for comparability at \$0.32-\$0.34 and \$0.67-\$0.69, respectively. Reconciliations of projected diluted EPS to projected diluted FFOPS, in accordance with Nareit and as adjusted for comparability, are as follows:

Reconciliation of Diluted EPS to FFOPS, per Nareit,	Quart	er Ending D	ecemb	er 31, 2025	Y	ear Ending De	cemb	er 31, 2025
and As Adjusted for Comparability		Low		High		Low		High
Diluted EPS	\$	0.32	\$	0.34	\$	1.35	\$	1.37
Real estate-related depreciation and amortization		0.35		0.35		1.37		1.37
Gain on sales of real estate		_		_		(0.03)		(0.03)
Diluted FFOPS, Nareit definition and as adjusted for comparability	\$	0.67	\$	0.69	\$	2.69	\$	2.71

The Company detailed its initial full year guidance, with supporting assumptions, in a separate press release issued February 6, 2025; that release can be found in the 'News & Events – Press Releases' section of COPT Defense's Investors website: https://investors.copt.com/news-events/press-releases

Conference Call Information

Management will discuss third quarter 2025 results on its conference call tomorrow, details of which are listed below:

Conference Call Date: Friday, October 31, 2025

Time: 12:00 p.m. Eastern Time

Participants must register for the conference call at the link below to receive the dial-in number and personal pin. Registering only takes a few moments and provides direct access to the conference call without waiting for an operator. You may register at any time, including up to and after the call start time: https://register-conf.media-server.com/register/Bl35f24564a63b4f47ada7811d5e985227

The conference call will also be available via live webcast in the 'News & Events – IR Calendar' section of COPT Defense's Investors website: https://investors.copt.com/news-events/ir-calendar

Replay Information

A replay of the conference call will be immediately available via webcast only on COPT Defense's Investors website and will be maintained on the website for approximately 90 days after the conference call.

Definitions

For definitions of certain terms used in this press release, please refer to the information furnished in the Company's Supplemental Information Package furnished on a Form 8-K which can be found on its website (www.copt.com). Reconciliations of non-GAAP measures to the most directly comparable GAAP measures are included in the attached tables.

About COPT Defense

COPT Defense, an S&P MidCap 400 Company, is a self-managed REIT focused on owning, operating and developing properties in locations proximate to, or sometimes containing, key U.S. Government ("USG") defense installations and missions (referred to as its Defense/IT Portfolio). The Company's tenants include the USG and their defense contractors, who are primarily engaged in priority national security activities, and who generally require mission-critical and high security property enhancements. As of September 30, 2025, the Company's Defense/IT Portfolio of 198 properties, including 24 owned through unconsolidated joint ventures, encompassed 22.6 million square feet and was 97.0% leased.

Forward-Looking Information

This press release may contain "forward-looking" statements, as defined in Section 27A of the Securities Act of 1934, that are based on the Company's current expectations, estimates and projections about future events and financial trends affecting the Company. Forward-looking statements can be identified by the use of words such as "may," "will," "should," "could," "believe," "anticipate," "expect," "estimate," "plan" or other comparable terminology. Forward-looking statements are inherently subject to risks and uncertainties, many of which the Company cannot predict with accuracy and some of which the Company might not even anticipate. Although the Company believes that the expectations, estimates and projections reflected in such forward-looking statements are based on reasonable assumptions at the time made, the Company can give no assurance that these expectations, estimates and projections will be achieved. Future events and actual results may differ materially from those discussed in the forward-looking statements and the Company undertakes no obligation to update or supplement any forward-looking statements.

The areas of risk that may affect these expectations, estimates and projections include, but are not limited to, those risks described in Item 1A of the Company's Annual Report on Form 10-K for the year ended December 31, 2024.
