CORPORATE OFFICE PROPERTIES TRUST AND SUBSIDIARIES  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(DOLLARS IN THOUSANDS, EXCEPT PER SHARE DATA)  
(UNAUDITED)

## NOTE 1 ORGANIZATION

Corporate Office Properties Trust ("COPT") and subsidiaries (the "Company") is a fully integrated and self-managed real estate investment trust ("REIT"). We focus principally on the ownership, management, leasing, acquisition and development of suburban office properties located in select submarkets in the Mid-Atlantic region of the United States. COPT is qualified as a REIT as defined in the Internal Revenue Code and is the successor to a corporation organized in 1988. As of March 31, 2001, our portfolio included 89 office properties, including five owned through a joint venture.

We conduct almost all of our operations principally through our operating partnership, Corporate Office Properties, L.P. (the "Operating Partnership"), for which we are the managing general partner. The Operating Partnership owns real estate both directly and through subsidiary partnerships and limited liability companies ("LLCs"). The Operating Partnership also owns Corporate Office Management, Inc. ("COMI") (together with its subsidiaries defined as the "Service Companies"). Prior to January 1, 2001, the Operating Partnership owned the principal economic interest in COMI but only owned 1% of COMI's voting stock (see Note 7). A summary of our Operating Partnership's forms of ownership and the percentage of those ownership forms owned by COPT as of March 31, 2001 follows:

	% Owned by COPT
Common Units	66%
Series A Preferred Units	100%
Series B Preferred Units	100%
Series C Preferred Units	0%
Series D Preferred Units	100%

## NOTE 2 BASIS OF PRESENTATION

These notes to our interim financial statements highlight significant changes to the notes to the financial statements included in our 2000 Annual Report on Form 10-K. As a result, these notes to our interim financial statements should be read together with the financial statements and notes thereto included in our 2000 Annual Report on Form 10-K. The interim financial statements on the previous pages reflect all adjustments which we believe are necessary for the fair presentation of our financial position and results of operations for the interim periods presented. These adjustments are of a normal recurring nature. The results of operations for such interim periods are not necessarily indicative of the results for a full year.

We use three different accounting methods to report our investments in entities: the consolidation method, the equity method and the cost method.

## CONSOLIDATION METHOD

We use the consolidation method when we own the majority of the outstanding voting interests in an entity and can control its operations. This means the accounts of the entity are combined with our accounts. We eliminate balances and transactions between companies when we consolidate these accounts. Our consolidated financial statements include the accounts of:

- o COPT;
- o the Operating Partnership and its subsidiaries; and
- o Corporate Office Properties Holdings, Inc. (we own 100%).

The Service Companies became a consolidated subsidiary of the Operating Partnership effective January 1, 2001 (see Note 7). Prior to that date, we accounted for our investment in the Service Companies using the equity method of accounting (discussed below).

## EQUITY METHOD

We use the equity method of accounting when we own an interest in an entity and can exert significant influence over the entity's operations but cannot control the entity's operations. Under the equity method, we report:

- o our ownership interest in the entity's capital as an investment on our Consolidated Balance Sheets and
- o our percentage share of the earnings or losses from the entity in our

## Consolidated Statements of Operations.

### COST METHOD

We use the cost method of accounting when we own an interest in an entity and cannot exert significant influence over the entity's operations. Under the cost method, we report:

- o the cost of our investment in the entity as an investment on our Consolidated Balance Sheets and
- o distributions to us of the entity's earnings in our Consolidated Statements of Operations.

### NOTE 3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### USE OF ESTIMATES IN THE PREPARATION OF FINANCIAL STATEMENTS

We make estimates and assumptions when preparing financial statements under generally accepted accounting principles. These estimates and assumptions affect various matters, including:

- o our reported amounts of assets and liabilities in our Consolidated Balance Sheets at the dates of the financial statements;
- o our disclosure of contingent assets and liabilities at the dates of the financial statements; and
- o our reported amounts of revenues and expenses in our Consolidated Statements of Operations during the reporting periods.

These estimates involve judgements with respect to, among other things, future economic factors that are difficult to predict and are often beyond management's control. As a result, actual amounts could differ from these estimates.

#### ACCOUNTING FOR CERTAIN REAL ESTATE JOINT VENTURES

We contributed parcels of land into two real estate joint ventures. Each of these joint ventures are engaged in the construction of an office building. In exchange for the contributions of land, we received joint venture interests and \$9.6 million in cash. In each case, we have an option to acquire the joint venture partners' interests for a pre-determined purchase price over a limited period of time. We account for our interests in these joint ventures as follows:

- o the costs associated with these land parcels at the time of their respective contributions are reported as projects under construction on our Consolidated Balance Sheets;
- o the cash received from these joint ventures in connection with the land contributions is reported as other liabilities on our Consolidated Balance Sheets. These liabilities are being accreted towards the pre-determined purchase price over the period in which we have an option to acquire the joint venture partners' interests. We also report interest expense in connection with the accretion of these liabilities; and
- o once construction of the buildings on these land parcels is complete and operations commence, we will begin reporting 100% of the revenues and expenses associated with these properties on our Consolidated Statements of Operations.

We do not report ongoing construction costs and debt activity for these projects relating to periods after the respective land contributions.

7

### DERIVATIVES

We are exposed to the effect of interest rate changes in the normal course of business. We use interest rate swap and interest rate cap agreements to reduce the impact of such interest rate changes. Interest rate differentials that arise under these contracts are recognized in interest expense over the life of the respective contracts. We do not use such derivatives for trading or speculative purposes. We also only enter into contracts with major financial institutions based upon their credit ratings and other risk factors.

In June 1998, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 133 ("SFAS 133"), "Accounting for Derivative Instruments and Hedging Activities". We adopted this standard beginning January 1, 2001. SFAS 133 establishes accounting and reporting standards for derivative financial instruments and for hedging activities. It requires that an entity recognize all derivatives as assets or liabilities in the balance sheet at fair value with the offset to:

- o the accumulated other comprehensive loss component of shareholders' equity ("AOCL"), net of the share attributable to minority interests, for any derivatives designated as cash flow hedges to the extent such derivatives are deemed effective;

- o other revenue or expense on our Statement of Operations for any derivatives designated as cash flow hedges to the extent such derivatives are deemed ineffective; or
- o other revenue or expense on our Statement of Operations for any derivatives designated as fair value hedges.

We use standard market conventions and techniques such as discounted cash flow analysis, option pricing models, replacement cost and termination cost in computing the fair value of derivatives at each balance sheet date.

The following table sets forth derivative contracts we had in place as of March 31, 2001 and their respective fair market values ("FMV"):

<TABLE>  
<CAPTION>

Nature of Derivative	Notional Amount (in millions)	One-Month LIBOR base	Effective Date	Expiration Date	FMV at 3/31/01
<S>	<C>	<C>	<C>	<C>	<C>
Interest rate cap	\$ 50.0	7.70%	5/25/00	5/31/02	\$ 1
Interest rate cap	50.0	7.00%	9/13/00	10/13/01	--
Interest rate cap	25.0	7.00%	10/17/00	10/13/01	--
Interest rate swap	100.0	5.76%	1/2/01	1/2/03	(1,993)
Total					\$ (1,992)

</TABLE>

We have designated each of these derivatives as cash flow hedges. At March 31, 2001, the interest rate swap is effective while the interest rate caps are not effective. At adoption on January 1, 2001, we reduced AOCL and minority interests in total by \$246 as a cumulative effect adjustment to recognize the net fair value of our interest rate swap contract on that date. We also recognized an unrealized loss of \$263 (\$174 net of minority interests' portion) on the book value associated with these derivatives at January 1, 2001; this loss is reported as a cumulative effect of an accounting change on our Consolidated Statements of Operations.

During the three months ended March 31, 2001, we reduced AOCL and minority interests in total by an additional \$1,747 to recognize the decrease in the fair value of the interest rate swap during that period. We also recognized an unrealized loss of \$5 to recognize the change in the fair value of the interest rate caps; this loss is included in tenant recoveries and other revenue on the Consolidated Statements of Operations.

Over time, the unrealized loss held in AOCL and minority interests associated with our interest rate swap will be reclassified to earnings. Within the next twelve months, we will reclassify to earnings an estimated \$1.1 million of the balances held in AOCL and minority interests.

#### MINORITY INTERESTS

As discussed previously, we consolidate the accounts of our Operating Partnership and its subsidiaries into our financial statements. However, we do not own 100% of the Operating Partnership. Our Operating Partnership also does not own 11% of one of its subsidiary partnerships. In addition, COMI does not own 20% of one of its subsidiaries. The amounts reported for minority interests on our Consolidated Balance Sheets represent the portion of these consolidated entities' equity that we do not own. The amounts reported for

8

minority interests on our Consolidated Statements of Operations represent the portion of these consolidated entities' net income not allocated to us.

#### EARNINGS PER SHARE ("EPS")

We present both basic and diluted EPS. We compute basic EPS by dividing income available to common shareholders by the weighted-average number of Common Shares of beneficial interest ("Common Shares") outstanding during the period. Our computation of diluted EPS is similar except that:

- o the denominator is increased to include the weighted average number of potential additional Common Shares that would have been outstanding if securities that are convertible into our Common Shares were converted and
- o the numerator is adjusted to add back any convertible preferred dividends and any other changes in income or loss that would result from the assumed conversion into Common Shares.

9

Our computation of diluted EPS does not assume conversion of securities into our Common Shares if conversion of those securities would increase our diluted EPS in a given period. A summary of the numerator and denominator for purposes of basic and diluted EPS calculations is as follows (dollars and shares in thousands, except per share data):

<TABLE>  
<CAPTION>

	Three months ended March 31,	
	2001	2000
	-----	-----
<S>	<C>	<C>
Numerator:		
Net income available to Common Shareholders	\$ 2,845	\$ 2,530
Add: Cumulative effect of accounting change, net	174	--
Add: Extraordinary item, net	70	--
	-----	-----
Numerator for basic earnings per share before extraordinary item and cumulative effect of accounting change	3,089	2,530
Income on share options assumed converted	(61)	--
Add: Series D Preferred Share dividends	100	--
	-----	-----
Numerator for diluted earnings per share before extraordinary item and cumulative effect of accounting change	3,128	2,530
Less: Extraordinary item, net	(70)	--
	-----	-----
Numerator for diluted earnings per share for net income before cumulative effect of accounting change	3,058	2,530
Less: Cumulative effect of accounting change, net	(174)	--
	-----	-----
Numerator for diluted earnings per share for net income	\$ 2,884	\$ 2,530
	=====	=====
Denominator (all weighted averages):		
Common Shares - basic	19,982	17,352
Assumed conversion of share options	273	50
Assumed conversion of Common Unit warrants	--	476
Conversion of Series D Preferred Shares	878	--
	-----	-----
Denominator for diluted earnings per share	21,133	17,878
	=====	=====
Basic earnings per Common Share		
Income before extraordinary item and cumulative effect of accounting change	\$ 0.15	\$ 0.15
Extraordinary loss	--	--
Cumulative effect of accounting change	(0.01)	--
	-----	-----
Net income	\$ 0.14	\$ 0.15
	=====	=====
Diluted earnings per Common Share		
Income before extraordinary item and cumulative effect of accounting change	\$ 0.15	\$ 0.14
Extraordinary item	--	--
Cumulative affect of accounting change	(0.01)	--
	-----	-----
Net income	\$ 0.14	\$ 0.14
	=====	=====

</TABLE>

Our diluted EPS computation for the three months ended March 31, 2001 only assumes conversion of share options and Series D Cumulative Convertible Redeemable Preferred Shares of beneficial interest (the "Series D Preferred Shares") because conversions of Preferred Units, Series A Convertible Preferred Shares of beneficial interest (the "Series A Preferred Shares") and Common Units would increase diluted EPS in that period. Our diluted EPS computation for the three months ended March 31, 2000 only assumes conversion of share options and Common Unit Warrants because conversions of Series A Convertible Preferred Shares, Preferred Units and Common Units would increase diluted EPS in that period.

10

#### RECLASSIFICATION

We reclassified certain amounts from prior periods to conform to the current period presentation of our consolidated financial statements. These reclassifications did not affect consolidated net income or shareholders' equity.

#### RECENT ACCOUNTING PRONOUNCEMENTS

In June 1998, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 133 ("SFAS 133"), "Accounting for Derivative

Instruments and Hedging Activities". We adopted this standard beginning January 1, 2001. SFAS 133 establishes accounting and reporting standards for derivative financial instruments and for hedging activities. See section above entitled "Derivatives" for further discussion on this pronouncement.

NOTE 4 COMMERCIAL REAL ESTATE PROPERTIES

Operating properties consisted of the following:

	March 31, 2001	December 31, 2000
Land	\$ 140,620	\$ 140,018
Buildings and improvements	615,586	604,666
	756,206	744,684
Less: accumulated depreciation	(37,652)	(33,271)
	\$ 718,554	\$ 711,413

Projects we had under construction/development consisted of the following:

	March 31, 2001	December 31, 2000
Land	\$24,683	\$19,069
Construction in progress	22,228	17,489
	\$46,911	\$36,558

2001 CONSTRUCTION/DEVELOPMENT

During the three months ended March 31, 2001, we completed the construction of one office building totaling 78,460 square feet. The building is located in the Baltimore/Washington Corridor.

As of March 31, 2001, we also had construction underway on four new buildings and development underway on two parcels of land.

NOTE 5 INVESTMENTS IN UNCONSOLIDATED REAL ESTATE JOINT VENTURE

On February 1, 2001, we acquired an 80% interest in MOR Montpelier LLC, a newly organized joint venture developing a parcel of land located in Columbia, Maryland.

On March 7, 2001, we acquired a 40% interest in Airport Square Partners, LLC, a newly organized joint venture. On March 21, 2001, this joint venture acquired five office buildings located in the Baltimore/Washington Corridor for \$33,617 using cash from member capital contributions and proceeds from a \$25,000 mortgage loan payable. We are acting as guarantor for the payment of 25% of this mortgage loan payable, which amount is not to exceed \$6,250.

Our investment in and advances to unconsolidated real estate joint ventures are accounted for using the equity method of accounting and included the following:

	March 31, 2001	December 31, 2000
Gateway 67, LLC	\$3,697	\$3,616
Airport Square Partners, LLC	2,290	--
MOR Montpelier LLC	890	--
	\$6,877	\$3,616

NOTE 6 ACCOUNTS RECEIVABLE

Our accounts receivable are reported net of an allowance for bad debts of \$101 at March 31, 2001 and \$74 at December 31, 2000.

NOTE 7 INVESTMENT IN AND ADVANCES TO OTHER UNCONSOLIDATED ENTITIES

From September 1998 through December 2000, the Operating Partnership owned 95% of the capital stock in COMI, including 1% of the voting common stock. COMI provided us with asset management, managerial, financial and legal support during that time period. On January 1, 2001, we acquired all of the stock in COMI which we did not previously own for \$26 and all of COMI's employees became employees of the Operating Partnership. We also elected to have COMI treated as a Taxable REIT Subsidiary under the REIT Moderization Act effective January 1, 2001.

We accounted for our investment in COMI and its subsidiaries using the equity method of accounting through December 31, 2000. Since we own all of the voting interests in COMI and control its operations effective January 1, 2001, we began consolidating the accounts of COMI and its subsidiaries with our accounts on that date.

On February 28, 2001, we acquired a 7.7% interest in Paragon Smart Technologies, LLC ("Paragon"), an entity that provides a wide range of computer consulting services to businesses. Paragon also provides broadband internet access and companion services to commercial real estate owners in the Baltimore/Washington Corridor. We account for our investment in Paragon using the equity method of accounting.

Our investment in and advances to other unconsolidated entities included the following:

<TABLE>  
<CAPTION>

	March 31, 2001	December 31, 2000
	-----	-----
<S>	<C>	<C>
Investment in MediTract, LLC	\$1,621	\$1,621
Investment in Paragon	538	--
Total investment in Service Companies	--	4,503(1)
	-----	-----
Total	\$2,159	\$6,124
	=====	=====

</TABLE>

(1) Our total investment in the Service Companies at December 31, 2000 included a \$2,005 note receivable and \$2,001 in advances receivable.

NOTE 8 DEFERRED CHARGES

Deferred charges consisted of the following:

	=====	=====

</TABLE>

NOTE 9 SHAREHOLDERS' EQUITY

In January 2001, we issued 544,000 Series D Preferred Shares to a foreign trust at a price of \$22.00 per share for proceeds totaling \$11,968. These shares are nonvoting and are redeemable for cash at \$25.00 per share at our option on or after January 25, 2006. These shares are also convertible by the holder on or after January 1, 2004 into Common Shares on the basis of 2.2 Common Shares for each Series D Preferred Share. Holders of these shares are entitled to cumulative dividends, payable quarterly (as and if declared by the Board of Trustees). Dividends accrue from the date of issue at the annual rate of \$1.00 per share, which is equal to 4% of the \$25.00 per share redemption price. We contributed the net proceeds to our Operating Partnership in exchange for 544,000 Series D Preferred Units. The Series D Preferred Units carry terms that are substantially the same as the Series D Preferred Shares.

On December 16, 1999, we issued 471,875 Common Shares subject to forfeiture restrictions to certain officers. The forfeiture restrictions of specified percentages of these shares lapse annually through 2004 upon the Company's attainment of defined earnings or shareholder return growth targets. These shares may not be sold, transferred or encumbered while the forfeiture restrictions are in place. Forfeiture restrictions lapsed on 48,437 of these shares in 2001.

We issued 19,601 Common Shares in connection with the exercise of share options in 2001.

A summary of the activity in the accumulated other comprehensive loss component of shareholders' equity for the three months ended March 31, 2001 follows:

<TABLE>

#### NOTE 12 INCOME TAXES

Corporate Office Properties Trust elected to be treated as a REIT under Sections 856 through 860 of the Internal Revenue Code. As a REIT, we generally will not be subject to Federal income tax if we distribute at least 90% of our REIT taxable income to our shareholders and satisfy certain other requirements (see discussion below). If we fail to qualify as a REIT in any tax year, we will be subject to Federal income tax on our taxable income at regular corporate rates.

In December 1999, legislation containing the REIT Modernization Act was signed into law. This law was effective January 1, 2001 and included the following changes:

15

- o REITs are now allowed to own up to 100% investments in the stock of a taxable REIT subsidiary ("TRS"), subject to certain restrictions relating to the size of such investments. TRSs can provide services to REIT tenants and others without adversely impacting the income requirements to which REITs are subject;
- o REITs are no longer able to enter into new arrangements to own more than 10% of the vote or value of the securities in a non-REIT C corporation unless such C corporation elects to be treated as a TRS; and
- o the percentage of REIT taxable income that REITs are required to distribute to shareholders was reduced from 95% to 90%.

On January 1, 2001, we acquired all of the stock in COMI which we did not previously own. We also elected to have COMI treated as a TRS effective January 1, 2001. COMI is subject to Federal and state income taxes. COMI's provision for income tax benefit for the three months ended March 31, 2001 consisted of the following:

<TABLE>	
<S>	
Current	
Federal	\$ 97
State	21
	----
	118
	----
Deferred	
Federal	3

State	1
	----
	4
	----
Total	\$122
	=====

</TABLE>

Items contributing to temporary differences that lead to deferred taxes include depreciation and amortization, certain accrued compensation and compensation made in the form of contributions to a deferred nonqualified compensation plan.

COMI's combined federal and state effective tax rate for the three months ended March 31, 2001 was approximately 40%.

NOTE 13 INFORMATION BY BUSINESS SEGMENT

We have six segments: Baltimore/Washington Corridor office, Greater Philadelphia office, Northern/Central New Jersey office, Greater Harrisburg office, retail and service operations. Our office properties represent our core-business. We manage our retail properties and service operations each as single segments since they are considered outside of our core-business.

16

The table below reports segment financial information. Our retail and service operations segments are not separately reported since they do not meet the reporting thresholds. We measure the performance of our office property segments based on total revenues less property operating expenses. Accordingly, we do not report other expenses by segment in the table below.

<TABLE>

</TABLE>

The following table reconciles our income from operations for reportable segments to income before income taxes, extraordinary item and cumulative effect of accounting change as reported in our Consolidated Statements of Operations.

<TABLE>  
<CAPTION>

	Three Months Ended March 31,	
	2001	2000
<S>	<C>	<C>
Income from operations for reportable segments	\$ 21,235	\$ 18,253
Equity in income of unconsolidated real estate joint venture	30	--
Earnings (losses) from service operations	(329)	47
Less:		
General and administrative	(1,446)	(1,348)
Interest	(8,194)	(6,934)
Amortization of deferred financing costs	(383)	(306)
Depreciation and other amortization	(4,900)	(3,873)
Minority interests	(2,124)	(2,189)
	-----	-----
Income before income taxes, extraordinary item and cumulative effect of accounting change	\$ 3,889	\$ 3,650
	=====	=====

</TABLE>

We did not allocate interest expense, amortization of deferred financing costs and depreciation and other amortization to segments since they are not included in the measure of segment profit reviewed by management. We also did not allocate equity in income of unconsolidated real estate joint venture, earnings (losses) from service operations, general and administrative and minority interests since these items represent general corporate items not attributable to segments.

#### NOTE 14 COMMITMENTS AND CONTINGENCIES

In the normal course of business, we are involved in legal actions arising from our ownership and administration of properties. In management's opinion, any liabilities that may result are not expected to have a materially adverse effect on our financial position, operations or liquidity. We are subject to various federal, state and local environmental regulations related to our property ownership and operation. We have performed

17

environment assessments of our properties the results of which have not revealed any environmental liability that we believe would have a materially adverse effect on our financial position, operations or liquidity.

We are under contract to acquire three buildings located in Columbia, Maryland totaling 141,530 square feet for approximately \$15,200.

#### NOTE 15 PRO FORMA FINANCIAL INFORMATION (UNAUDITED)

We accounted for our 2000 and 2001 acquisitions and dispositions using the purchase method of accounting. We included the results of operations for the acquisitions in our Consolidated Statements of Operations from their respective purchase dates through March 31, 2001.

We prepared the pro forma condensed consolidated financial information presented below as if all of our 2000 and 2001 acquisitions had occurred on January 1, 2000. Accordingly, we were required to make pro forma adjustments where deemed necessary. The pro forma financial information is unaudited and is not necessarily indicative of the results which actually would have occurred if these acquisitions had occurred on January 1, 2000, nor does it intend to represent our results of operations for future periods.

NOTE 16 SUBSEQUENT EVENTS

In April 2001, we completed the sale of 1,150,000 Series E Cumulative Redeemable Preferred Shares of beneficial interest ("Series E Preferred Shares") to the public at a price of \$25.00 per share. These shares are nonvoting and are redeemable for cash at \$25 per share at our option on or after July 15, 2006. Holders of these shares are entitled to cumulative dividends, payable quarterly (as and if declared by the Board of Trustees). Dividends accrue from the date of issue at the annual rate of \$2.5625 per share, which is equal to 10.25% of the \$25.00 per share redemption price. We contributed the net proceeds to our Operating Partnership in exchange for 1,150,000 Series E Preferred Units. The Series E Preferred Units carry terms that are substantially the same as the Series E Preferred Shares.

18

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

In this section, we discuss our financial condition and results of operations for the three months ended March 31, 2001. This section includes discussions on:

- o why various components of our Consolidated Statements of Operations changed for the three months ended March 31, 2001 compared to the same period in 2000;
- o what our primary sources and uses of cash were in the three months ended March 31, 2001;
- o how we raised cash for acquisitions and other capital expenditures during the three months ended March 31, 2001;
- o how we intend to generate cash for future capital expenditures; and
- o the computation of our funds from operations.

You should refer to our consolidated financial statements and accompanying notes and operating data variance analysis set forth below as you read this section.

This section contains "forward-looking" statements, as defined in the Private Securities Litigation Reform Act of 1995, that are based on our current expectations, estimates and projections about future events and financial trends affecting the financial condition of our business. Statements that are not historical facts, including statements about our beliefs and expectations, are forward-looking statements. These statements are not guarantees of future performance, events or results and involve potential risks and uncertainties. Accordingly, actual results may differ materially. We undertake no obligation to update any forward-looking statements, whether as a result of new information, future events or otherwise.

Important facts that may affect these expectations, estimates or projections include, but are not limited to: our ability to borrow on favorable terms; general economic and business conditions, which will, among other things affect office property demand and rents, tenant creditworthiness and financing availability; interest rates; adverse changes in the real estate markets including, among other things, competition with other companies; risks of real estate acquisition and development; governmental actions and initiatives; environmental requirements; and the other factors described in our most recent Annual Report on Form 10-K under the heading "Risk Factors".

</TABLE>

20

RESULTS OF OPERATIONS  
COMPARISON OF THE THREE MONTHS ENDED MARCH 31, 2001 AND 2000

Our revenues from real estate operations increased \$3.8 million or 15%, of which \$3.7 million was generated by rental revenue. Included in this change is the following:

- o \$3.6 million increase attributable to two properties acquired and seven newly-constructed properties placed in service during 2000 and 2001;
- o \$787,000 increase attributable to fees earned for other real estate services;
- o \$151,000 decrease attributable to 76 office properties owned throughout both reporting periods that includes the following:
  - o \$961,000 decrease in tenant recoveries and other revenue due primarily to a decrease in anticipated operating cost levels in 2001 compared to 2000 and a change in our tenant composition and
  - o \$809,000 increase in rental revenue due primarily to additional lease cancellation revenue, increased occupancy at certain of our properties and increases in rental rates on renewed space; and
- o \$355,000 decrease attributable to properties sold during 2000.

Our expenses from real estate operations increased \$3.2 million or 17% due to the effects of the increases in property operating, interest expense and amortization of deferred financing costs and depreciation and other amortization described below.

Our property operating expenses increased \$858,000 or 11%. Included in this change is the following:

- o \$856,000 increase attributable to two properties acquired and seven newly-constructed properties placed in service during 2000 and 2001;
- o \$86,000 increase attributable to 76 office properties owned throughout both reporting periods; and

- o \$84,000 decrease attributable to properties sold during 2000.

Our interest expense and amortization of deferred financing costs increased \$1.3 million or 18% due primarily to a 17% increase in our average outstanding debt balance resulting from our 2000 and 2001 acquisitions and construction activity. Our depreciation and other amortization expense increased \$1.0 million or 27%, \$658,000 of which is attributable to two properties acquired and seven newly-constructed properties placed in service during 2000 and 2001.

Our earnings from service operations decreased \$376,000 due in part to an increase in the organizational infrastructure of certain of the Service Companies in anticipation of future growth and the absence of our third party property management business due to its sale in July 2000. Our general and administrative expenses increased \$98,000 or 7%.

As a result of the above factors, income before minority interests, income taxes, extraordinary items and cumulative effect of accounting change increased by \$174,000 or 3%. The amounts reported for minority interests on our Consolidated Statements of Operations represent primarily the portion of the Operating Partnership's net income not allocated to us. Our income allocation to minority interests decreased \$65,000 or 3%. Our income tax benefit of \$122,000 in 2001 was due to our losses from the service operations that reside in our taxable REIT subsidiary.

Our income available to Common Shareholders increased \$315,000 or 12% due to the factors discussed above combined with a \$239,000 decrease in Preferred Share dividends, offset by a \$70,000 increase in extraordinary losses on early retirement of debt and a \$174,000 loss due to the cumulative effect of an accounting change resulting from our adoption of Statement of Financial Accounting Standards No. 133 (discussed below). Our diluted earnings per share on net income of \$0.14 equaled that of the three months ended March 31, 2000.

#### LIQUIDITY AND CAPITAL RESOURCES

Cash provided from operations represented our primary source of liquidity to fund dividends and distributions, pay debt service and fund working capital requirements. We expect to continue to use cash provided by operations to meet our short-term capital needs, including all property expenses, general and administrative expenses, debt service, dividend and distribution requirements and recurring capital improvements and leasing commissions. We do not anticipate borrowing to meet these requirements.

We historically have financed our property acquisitions using a combination of borrowings secured by our properties, proceeds from sales of properties and the equity issuances of Common and Preferred Units in our Operating Partnership and Common and Preferred Shares. We use our secured revolving credit facility with Deutsche Banc Alex. Brown (the "Revolving Credit Facility") to finance much of our investing and financing activities. We pay down our Revolving Credit Facility using proceeds from long-term borrowings collateralized by our properties as attractive financing conditions arise and equity issuances as attractive equity market conditions arise. We also have a \$50.0 million line of credit with Prudential Securities Credit Corporation (the "Prudential Credit Facility"). Amounts available under the Revolving Credit Facility and the Prudential Credit Facility are generally computed based on 65% of the appraised value of properties pledged as collateral. As of May 7, 2001, the maximum amount available under our Revolving Credit Facility was \$105.8 million, of which \$50.3 million was unused. As of May 7, 2001, the maximum amount available under the Prudential Credit Facility was \$29.1 million all of which was borrowed.

As of March 31, 2001, we had \$132.4 million in mortgage and other loans payable maturing in 2001. Included in these 2001 loan maturities is a \$91.0 million loan that may be extended for a one-year period, subject to certain conditions. As of March 31, 2001, we were in compliance with the necessary conditions for us to extend this loan. We expect to repay the remaining balance of the 2001 loan maturities through a combination of borrowings from existing credit facilities and new loans and cash from operations.

We expect to meet our long-term capital needs through a combination of cash from operations, additional borrowings from existing credit facilities and new loans and additional equity issuances of Common Shares, Preferred Shares, Common Units and/or Preferred Units.

We are under contract to acquire three buildings located in Columbia, Maryland totaling 141,530 square feet for approximately \$15.2 million. We expect this acquisition to occur in May 2001. The acquisition will initially be financed using borrowings from our Revolving Credit Facility. We have no other material contractual obligations as of March 31, 2001 for property acquisitions or material capital costs other than the completion of construction and development projects that were underway and tenant improvements and leasing costs in the ordinary course of business.

Mortgage and other loans payable at March 31, 2001 consisted of the following (dollars in thousands):

<TABLE> <S>	<C>
Deutsche Banc Alex. Brown, Term Credit Facility, LIBOR + 1.75%, maturing October 2001(1)	\$ 90,954

- (1) May be extended for a one-year period, subject to certain conditions.
- (2) Loan may be extended for a three-month period, subject to certain conditions.
- (3) May be extended for a one-year period, subject to certain conditions.
- (4) Construction loan with a total commitment of \$9,325.
- (5) Construction loan with a total commitment of \$11,855. Loan may be extended for a one-year period subject to certain conditions.

#### INVESTING AND FINANCING ACTIVITIES FOR THE THREE MONTHS ENDED MARCH 31, 2001:

During the three months ended March 31, 2001, we completed the construction of one office building totaling 78,460 square feet. Costs incurred on this building through March 31, 2001 totaled \$13.1 million. We have a \$9.3 million construction loan facility for this building of which \$6.5 million was borrowed through March 31, 2001. The balance of the costs was funded primarily using proceeds from the Revolving Credit Facility and cash from operations.

As of March 31, 2001, we had construction activities underway on four new buildings totaling 491,000 square feet that were 43% pre-leased. Estimated costs upon completion for these projects total approximately \$82.6 million. Costs incurred on these buildings through March 31, 2001 totaled \$30.9 million. We have construction loan facilities in place totaling \$61.9 million to finance the construction of these projects. Borrowings under these facilities totaled \$5.3 million at March 31, 2001. We also used borrowings from our Revolving Credit Facility and proceeds from debt refinancings to fund these activities. In addition, we used \$9.6 million in contributions from joint venture partners to finance the construction of two of these buildings.

As of March 31, 2001, we had development activities underway on two parcels of land.

During the three months ended March 31, 2001, our investments in unconsolidated real estate joint ventures increased by \$3.2 million primarily due to our investment in two new joint ventures, Airport Square Partners, LLC and MOR Montpelier LLC.

During the three months ended March 31, 2001, we borrowed \$46.1 million under mortgages and other loans payable other than our Revolving Credit Facility, the proceeds of which were used as follows:

- o \$32.3 million to repay other loans and
- o the balance to finance construction activities and fund cash reserves.

In January 2001, we issued 544,000 Series D Preferred Shares to a foreign trust at a price of \$22.00 per share for proceeds totaling approximately \$12.0 million. These shares are nonvoting and are redeemable for cash at \$25.00 per share at our option on or after January 25, 2006. These shares are also convertible by the holder on or after January 1, 2004 into Common Shares on the basis of 2.2 Common Shares for each Series D Preferred Share. Holders of these

shares are entitled to cumulative dividends, payable quarterly (as and if declared by the Board of Trustees). Dividends accrue from the date of issue at the annual rate of \$1.00 per share, which is equal to 4% of the \$25.00 per share redemption price. We contributed the net proceeds to our Operating Partnership in exchange for 544,000 Series D Preferred Units. The Series D Preferred Units carry terms that are substantially the same as the Series D Preferred Shares. The Operating Partnership used most of the proceeds to pay down the Revolving Credit Facility.

INVESTING AND FINANCING ACTIVITIES SUBSEQUENT TO THE THREE MONTHS ENDED MARCH 31, 2001:

In April 2001, we obtained a \$21.2 million mortgage loan payable from Transamerica Occidental Life Insurance Company, \$18.4 million of which was used to repay variable rate loans maturing in 2002. The loan carries a fixed interest rate of 7.3% and matures on May 1, 2008.

In April 2001, we completed the sale of 1,150,000 Series E Preferred Shares to the public at a price of \$25.00 per share. These shares are nonvoting and are redeemable for cash at \$25 per share at our option on or after July 15, 2006. Holders of these shares are entitled to cumulative dividends, payable quarterly (as and if declared by the Board of Trustees). Dividends accrue from the date of issue at the annual rate of \$2.5625 per share, which is equal to 10.25% of the \$25.00 per share redemption price. We contributed the net proceeds to our Operating Partnership in exchange for 1,150,000 Series E Preferred Units. The Series E Preferred Units carry terms that are substantially the same as the Series E Preferred Shares. The Operating Partnership used most of the proceeds to pay down our Revolving Credit Facility.

STATEMENT OF CASH FLOWS

We generated net cash flow from operating activities of \$7.9 million for the three months ended March 31, 2001, a decrease of \$3.6 million from the three months ended March 31, 2000. Our decrease in cash flows from operating activities is due primarily to significant amounts due for tenant improvement work as of March 31, 2001. Our net cash flow used in investing activities for the three months ended March 31, 2001 increased \$1.7 million from the three months ended March 31, 2000 due primarily to \$3.2 million invested in unconsolidated real estate joint ventures during the three months ended March 31, 2001. Our net cash flow provided by financing activities for the three months ended March 31, 2001 increased \$5.7 million from the three months ended March 31, 2000 due primarily to a \$35.8 million increase in proceeds from mortgage and other loans payable and an \$11.9 million increase in proceeds from the issuance of our Series D Preferred Shares offset by a \$40.7 million increase in repayments of mortgage and other loans payable.

FUNDS FROM OPERATIONS

We consider Funds from Operations ("FFO") to be meaningful to investors as a measure of the financial performance of an equity REIT when considered with the financial data presented under generally accepted accounting principles ("GAAP"). Under the National Association of Real Estate Investment Trusts' ("NAREIT") definition, FFO means net income (loss) computed using generally accepted accounting principles, excluding gains (or losses) from debt restructuring and sales of property, plus real estate-related depreciation and amortization and after adjustments for unconsolidated partnerships and joint ventures. Further, if the conversion of securities into Common Shares is dilutive, we exclude any GAAP income allocated to these securities in computing FFO. The FFO we present may not be comparable to the FFO of other REITs since they may interpret the current NAREIT definition of FFO differently or they may not use the current NAREIT definition of FFO. FFO is not the same as cash generated from operating activities or net income determined in accordance with GAAP. FFO is not necessarily an indication of our cash flow available to fund cash needs. Additionally, it

should not be used as an alternative to net income when evaluating our financial performance or to cash flow from operating, investing and financing when evaluating our liquidity or ability to make cash distributions or pay debt service. Our FFO for the three months ended March 31, 2001 and 2000 are summarized in the following table:

	=====	=====

</TABLE>

#### INFLATION

We have not been significantly impacted by inflation during the periods presented in this report. This is mostly because of the relatively low inflation rates in our markets. Most of our tenants are obligated to pay their share of a building's operating expenses to the extent such expenses exceed amounts established in their leases that are based on historical expense levels. In addition, some of our tenants are obligated to pay their share of all of a building's operating expenses. These arrangements reduce our exposure to increases in such costs resulting from inflation.

25

#### ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

We are exposed to certain market risks, the most predominant of which is changes in interest rates. Increases in interest rates can result in increased interest expense under our Revolving Credit Facility and our other mortgage loans payable carrying variable interest rate terms. Increases in interest rates can also result in increased interest expense when our loans payable carrying fixed interest rate terms mature and need to be refinanced. Our debt strategy favors long-term, fixed rate, secured debt over variable-rate debt to minimize the risk of short-term increases in interest rates. As of March 31, 2001, 50% of our mortgage and other loans payable balance carried fixed interest rates. We also use interest rate swap and interest rate cap agreements to reduce the impact of interest rate changes.

The following table sets forth our long-term debt obligations, principal cash flows by scheduled maturity, weighted average interest rates and estimated fair market value ("FMV") at March 31, 2001 (dollars in thousands):

	For the Period Ended December 31,						Total
	2001(1)	2002(2)	2003	2004	2005	Thereafter	
FMV	-----	-----	-----	-----	-----	-----	-----
<S>	<C>	<C>	<C>	<C>	<C>	<C>	<C>
<C>							
Long term debt:							
Fixed rate	\$ 2,896	\$ 4,163	\$4,486	\$30,379	\$20,918	\$177,658	\$240,500

\$255,133							
Average interest rate	7.50%	7.51%	7.51%	7.52%	7.53%	7.30%	
Variable rate	\$129,497	\$28,545	\$6,371	\$74,000	\$ --	\$ --	\$238,413
\$238,413							
Average interest rate	6.98%	7.03%	7.03%	7.03%	--	--	

- (1) Includes \$91.0 million maturity in October that may be extended for a one-year period, subject to certain conditions.
- (2) Includes \$10.1 million in maturities in July that may be extended for one-year terms, subject to certain conditions.

The following table sets forth derivative contracts we had in place as of March 31, 2001 and their respective fair market values ("FMV"):

Nature of Derivative	Notional Amount (in millions)	One-Month LIBOR base	Effective Date	Expiration Date	FMV at 3/31/01 (in thousands)
Interest rate cap	\$ 50.0	7.70%	5/25/00	5/31/02	\$ 1
Interest rate cap	50.0	7.00%	9/13/00	10/13/01	--
Interest rate cap	25.0	7.00%	10/17/00	10/13/01	--
Interest rate swap	100.0	5.76%	1/2/01	1/2/03	(1,993)
Total					\$ (1,992)

Based on our variable rate debt balances, during the three months ended March 31, 2001, our interest expense would have increased \$383,000 if interest rates were 1% higher.

PART II  
ITEM 1. LEGAL PROCEEDINGS

We are not currently involved in any material litigation nor, to the best of our knowledge, is any material litigation currently threatened against us (other than routine litigation arising in the ordinary course of business, substantially all of which is expected to be covered by liability insurance).

ITEM 2. CHANGES IN SECURITIES
